

PRINTING

TECHNIQUES

Let's look at some ways of printing using some of the equipment in your box:

THUMB PRINTING

BY ARTIST SARAH GAIGER

For the this activity, you will need the paint box, the sketch book and the black felt tip.

Tear 3 sheets of paper from the sketch book.

Fold each piece in half, make the fold as flat as you can and then tear in half.

Do this with all 3 sheets so you then have 6 pieces of paper.
