

The Jubilee

Some here were British,
Since the first day,
And some came from
places far away.

We crossed great seas,
and low valleys.
Wide rivers and big plains.
Other heroic and brave,
just took the train.

A queen serving the country showing,
resilience, courage, patience and loyalty
always able to make a difference
4 prime ministers appointed by royalty
what an achievement rewarded with the
jubilee

She is healthy and strong,
as she has reigned for 70 years long
give her majesty appreciation
for her work and dedication
and the decades shall go on.
