

# Grave Goods

## Activity Sheet

KS2

(One per pupil)

The grave goods found in Saxon burial mounds can tell us a lot about the people who were buried.

This picture to the right shows what an archaeologist might find when digging up the grave of a Saxon man today.

What do you think they would have found if they went back in time to the day of the burial?

Have a go at drawing:

- The missing items
- Clothes
- Face
- Hair
